Sir/Madam,

Please be advised that the top copy of manifest 95316106, attached, had initially become separated from the remainder of the manifest package. Prior to the driver's signing, the copy was reattached but out of alignment with the package. This resulted in Transporter 1's signature appearing between lines 17 and 18. There was only one transporter associated with this manifested load.

Thank you for your understanding. Please call the undersigned if there are further questions.

A handwritten signature in black ink, appearing to read 'D. L. Ganoung', with a large, sweeping flourish extending to the right.
